

Invited Talk on Entrepreneurship
Department of Computer Science and Engineering
IIT Kanpur

Speaker:

Dr. Pravin Bhagwat
Mojo Networks

Venue: KD 101

Date: 29th March 2017

Time: 3-5 pm

Summary: I am an academic at heart who became an entrepreneur through a series of coincidences. Mojo Networks started as a '*Make in India*' experiment fourteen years ago. It has now grown into a provider of Cloud Managed Secure Wi-Fi solutions for the global market. In this session, I'll share 'joys' & 'challenges' of building a globally competitive tech startup from India.

Students interested in entrepreneurship will particularly enjoy this talk.

Dr. Bhagwat is an IITK CSE alumni of 1990 batch. He did his PhD from the University of Maryland at College Park. He is a founder of Air Tight Networks which has now become Mojo Networks.
